# SPEED OVENS

Prática's speed ovens are ultra-fast, high-performing ovens used for preparing, and finishing, fresh, refrigerated, or frozen foods. Each use results in excellent appearance, crunchiness, and taste.

With cutting edge technology, the ovens work with multiple heat sources, such as, impinged hot air, microwave, and direct radiation. They are equipped with a ventless system through an easily removable catalytic converter and requires no extraction hood for operation, making it easy to clean and maintain.

With a friendly touch screen interface, Prática speed ovens have easy operation and quick preparations, are ideal for service with agility and quality.
